TRAINING & SEMINARS
ENGINEERING, CONSULTING & AUDITING

REGIONAL AUTHORITIES

Our safety and security solutions

OUR ASSETS

A network of high-level experts, validated

For nearly twenty years, GALLICE has been a pioneer in private security in Europe and in high-risk areas.

We provide you with the best experts and technicians, many of whom come from law enforcement, intelligence agencies, senior government service, special forces, and international institutions.

These seasoned professionals put all their experience to work for your interests and ensure the security of your strategies on the ground.

THE GALLICE SPIRIT

Each proposal draws on the full range of our complementary areas of expertise. From the moment they are designed and throughout the entire project, the strategies we implement are adapted in real time to your local government's culture and policies, your specific challenges, and all of your objectives.

In the current context, and regardless of political stance, the management and prevention of safety and security risks are at the heart of urban policy.

OUR EXPERTISE

Nineteen years of field-proven experience

In carrying out its missions, GALLICE demonstrates: a thorough understanding of the operational realities on the ground; constant monitoring of security developments; and an agile and responsive approach that is always in sync with our clients.

The following organizations have placed their trust in us:

- More than 450 private clients, ranging from very small businesses to CAC 40 companies, as well as international organizations and NGOs.
- More than 22 government clients, including local and regional governments of all political affiliations and sizes.
- Renowned universities (educational partnerships with HEC, Paris-2 Panthéon-Assas, and École 3A).
- More than 1,200 people have been assisted in high-risk areas, areas of high tension, or war zones.
- Operations in 89 countries.

RISKS AND THREATS

Health, economic, and social crises; urban violence; industrial accidents; natural disasters; cyberattacks; acts of incivility and violence; and more. Local governments, you are on the front lines and must manage these crises with a wide range of resources and expertise.

OUR RESPONSE

Training, thematic seminars, safety and security audits, engineering and solution integration, drafting of specifications, and project management (video surveillance, detection, access control, security guard services, cybersecurity), as well as the detection of unauthorized recording and/or spying devices.

TRAININGS AND SEMINARS

Does your local government want to train its staff on physical or digital (cyber) safety and security issues, risk management, extreme risk prevention, armed attacks, or the design and improvement of your emergency response plans (PCS), municipal security plans (PPMS), and business continuity plans (PCA), as well as the prevention of radicalization and conflict management?
GALLICE adapts to your needs. Our tailor-made programs are designed to fit your financial and operational realities.

Our teaching approach is based on real-world experience and emphasizes “role-playing.” Strengthening the cohesion of your teams is the common goal of all our programs.

ENGINEERING, CONSULTING, AND AUDITING

- Securing your urban areas, public facilities, sensitive sites, transportation systems, municipal buildings, etc.
- Support for the creation, deployment, or strengthening of the municipal police force
- Risk identification and assessment
- Safety and Security Guidelines for Municipal Staff
- Regulatory audit, audit and assessment of facility safety and security
- Vulnerability testing of sensitive websites
- Safety and Security Engineering (Development of Custom Solutions and Integration of Technical Solutions)
- Drafting specifications and overseeing safety and security projects (remote monitoring, AI-assisted video surveillance, detection, access control, security guard services, etc.)
- Strengthening cybersecurity policies, training on cybersecurity risks and how to respond to cyberattacks, etc.

GALLICE

BE BETTER PREPARED

GALLICE supports you and develops practical, customized solutions tailored to your specific needs

Does your local government want to prepare for and protect itself against cyber threats, safeguard its staff, information, and infrastructure, develop operational capabilities, strengthen team cohesion, and consolidate the chain of command in order to better respond to current threats within a well-defined legal framework?

GALLICE meets your needs and adapts to your objectives by offering customized training programs or assembling specialized teams to provide engineering, consulting, or auditing services.

CROWD AND EVENT MANAGEMENT

Support for security planning and management of major events (risk identification and implementation of security measures)

+

Training in response and control during an incident

+

Developing appropriate situational responses and reflecting on experiences

ELECTRONIC SECURITY OPERATION

Search for hidden microphones and other surveillance devices (sweeping)
Support for securing sensitive meetings

DRIVING IN A STATE OF EMERGENCY

Standard training required for all emergency vehicle drivers

+

Vehicle Control and Driving Skills in Emergency Situations

+

Team training for specific situations (inspection, response, investigation, etc.)

+

Use and Optimization of the Vehicle in Tactical Situations (Equipment, Positioning, etc.)

GESTION DE CRISE & CONTINUITÉ

Support in developing various physical and cyber crisis prevention and management plans (PCS / PPMS / PCA)

+

Training teams in crisis management and organizing “simulation” exercises

+

Support in organizing and optimizing the tools and resources dedicated to crisis management (crisis rooms, operational command centers, software packages, etc.)

OUR SPECIALISTS

GILLES SACAZE

RISK MANAGEMENT SPECIALIST - FOUNDER

He holds a master's degree from the Institut National des Hautes Études de la Sécurité et de la Justice in urban security policies and systems. Former Risk & Security Manager at the Caisse des Dépôts et Consignations.

ANTONY MARCHAND

RISK MANAGEMENT SPECIALISTS - PARTNER

Specialist in public administration, expert in counterterrorism and crisis management. Graduate of the National Gendarmerie Military Academy, the Saint-Cyr Special Military Academy, and holds an MBA.
Magistrate of the Court of Auditors (on leave)

SÉBASTIEN PIETRASANTA

FORMER MEMBER OF PARLIAMENT AND MAYOR OF ASNIÈRES-SUR-SEINE
Certified to train local elected officials

He holds a Ph.D. in history and is a graduate of the National Institute for Advanced Studies in Security and Justice. As both a practitioner and a theorist, he has a deep understanding of the needs of local governments and the challenges posed by security and terrorism. He has served as rapporteur and chair of several commissions of inquiry.
